Impresión de los patrones

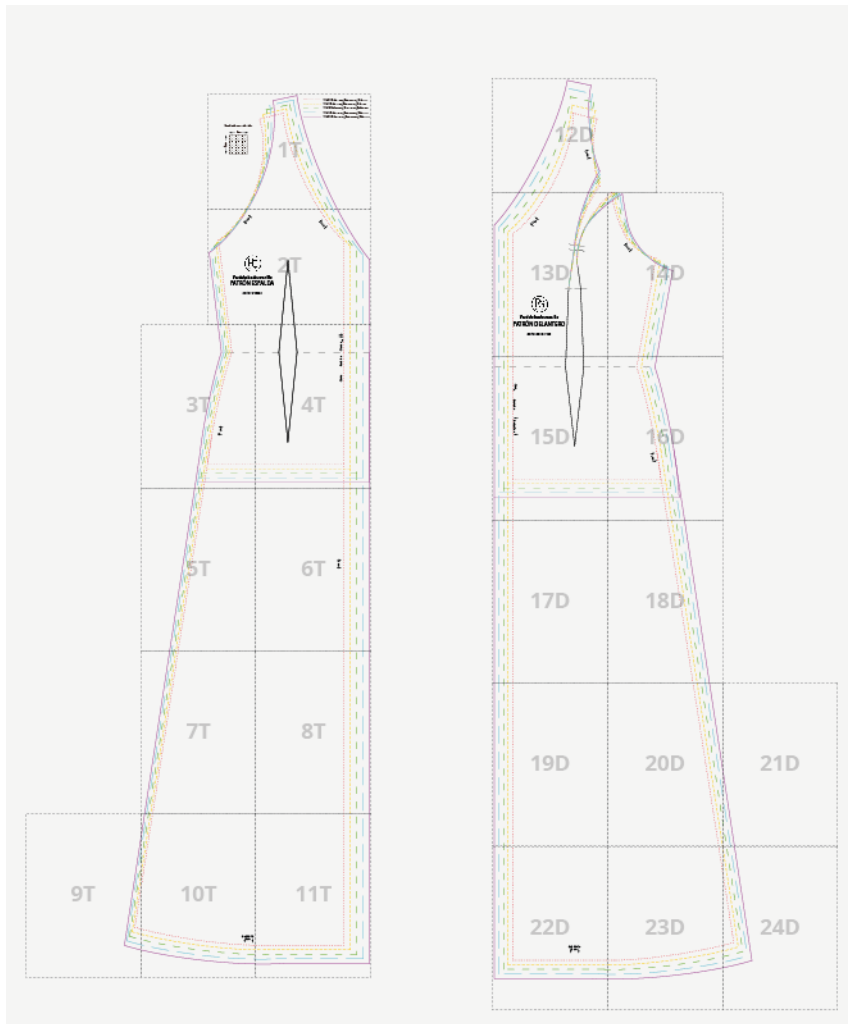

Pattern printing

Debes imprimir seleccionando sin márgenes de impresión o escala 100%, para que la impresora no modifique la escala. En la primera hoja de patrones tienes un cuadro de comprobación de escala. Te recomiendo imprimir la hoja y comprobar, si todo esta correcto entonces continua imprimiendo el resto de hojas.

Debes colocar y pegar los patrones de la siguiente forma.

You must print selecting without printing margins or 100% scale, so that the printer does not modify the scale. On the first pattern sheet you have a scale check box. I recommend you print the sheet and check, if everything is correct then continue printing the rest of the sheets.

You must place and paste the patterns as follows.

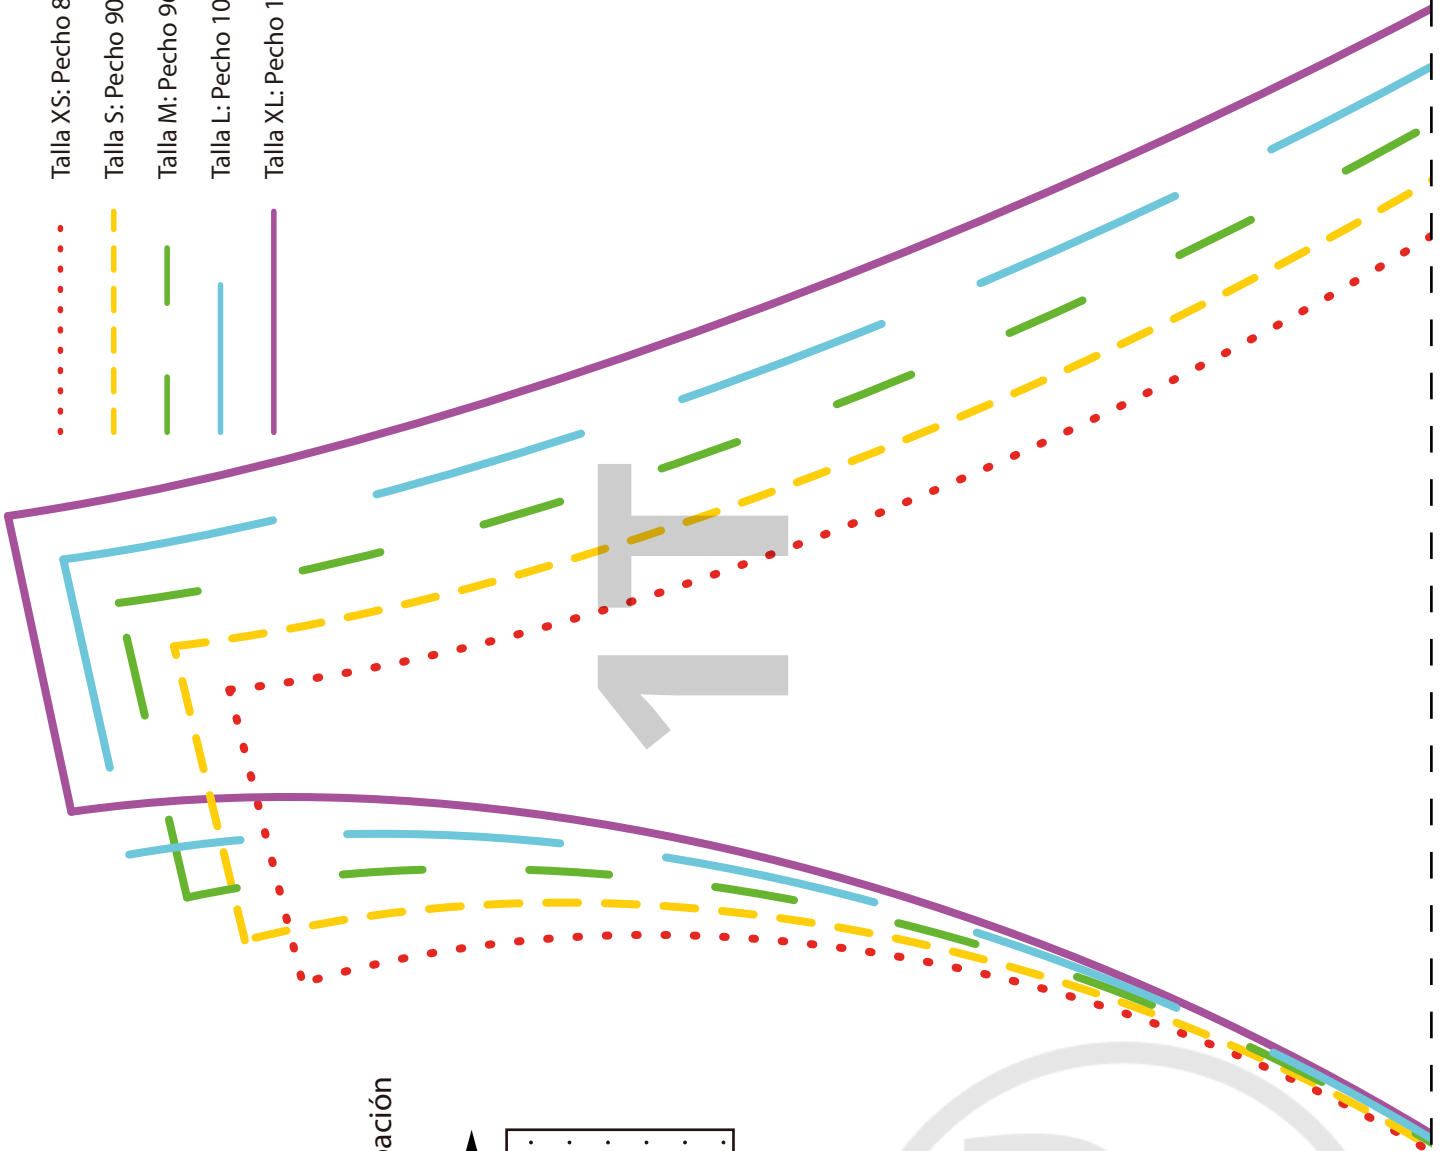

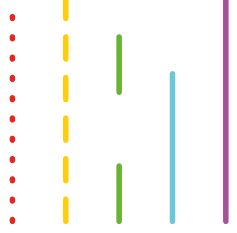

Ya podemos
comenzar a coser

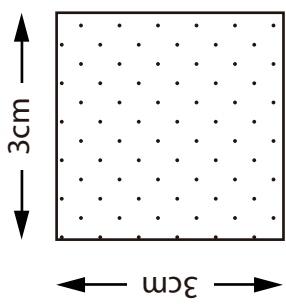

Now we can
start sewing

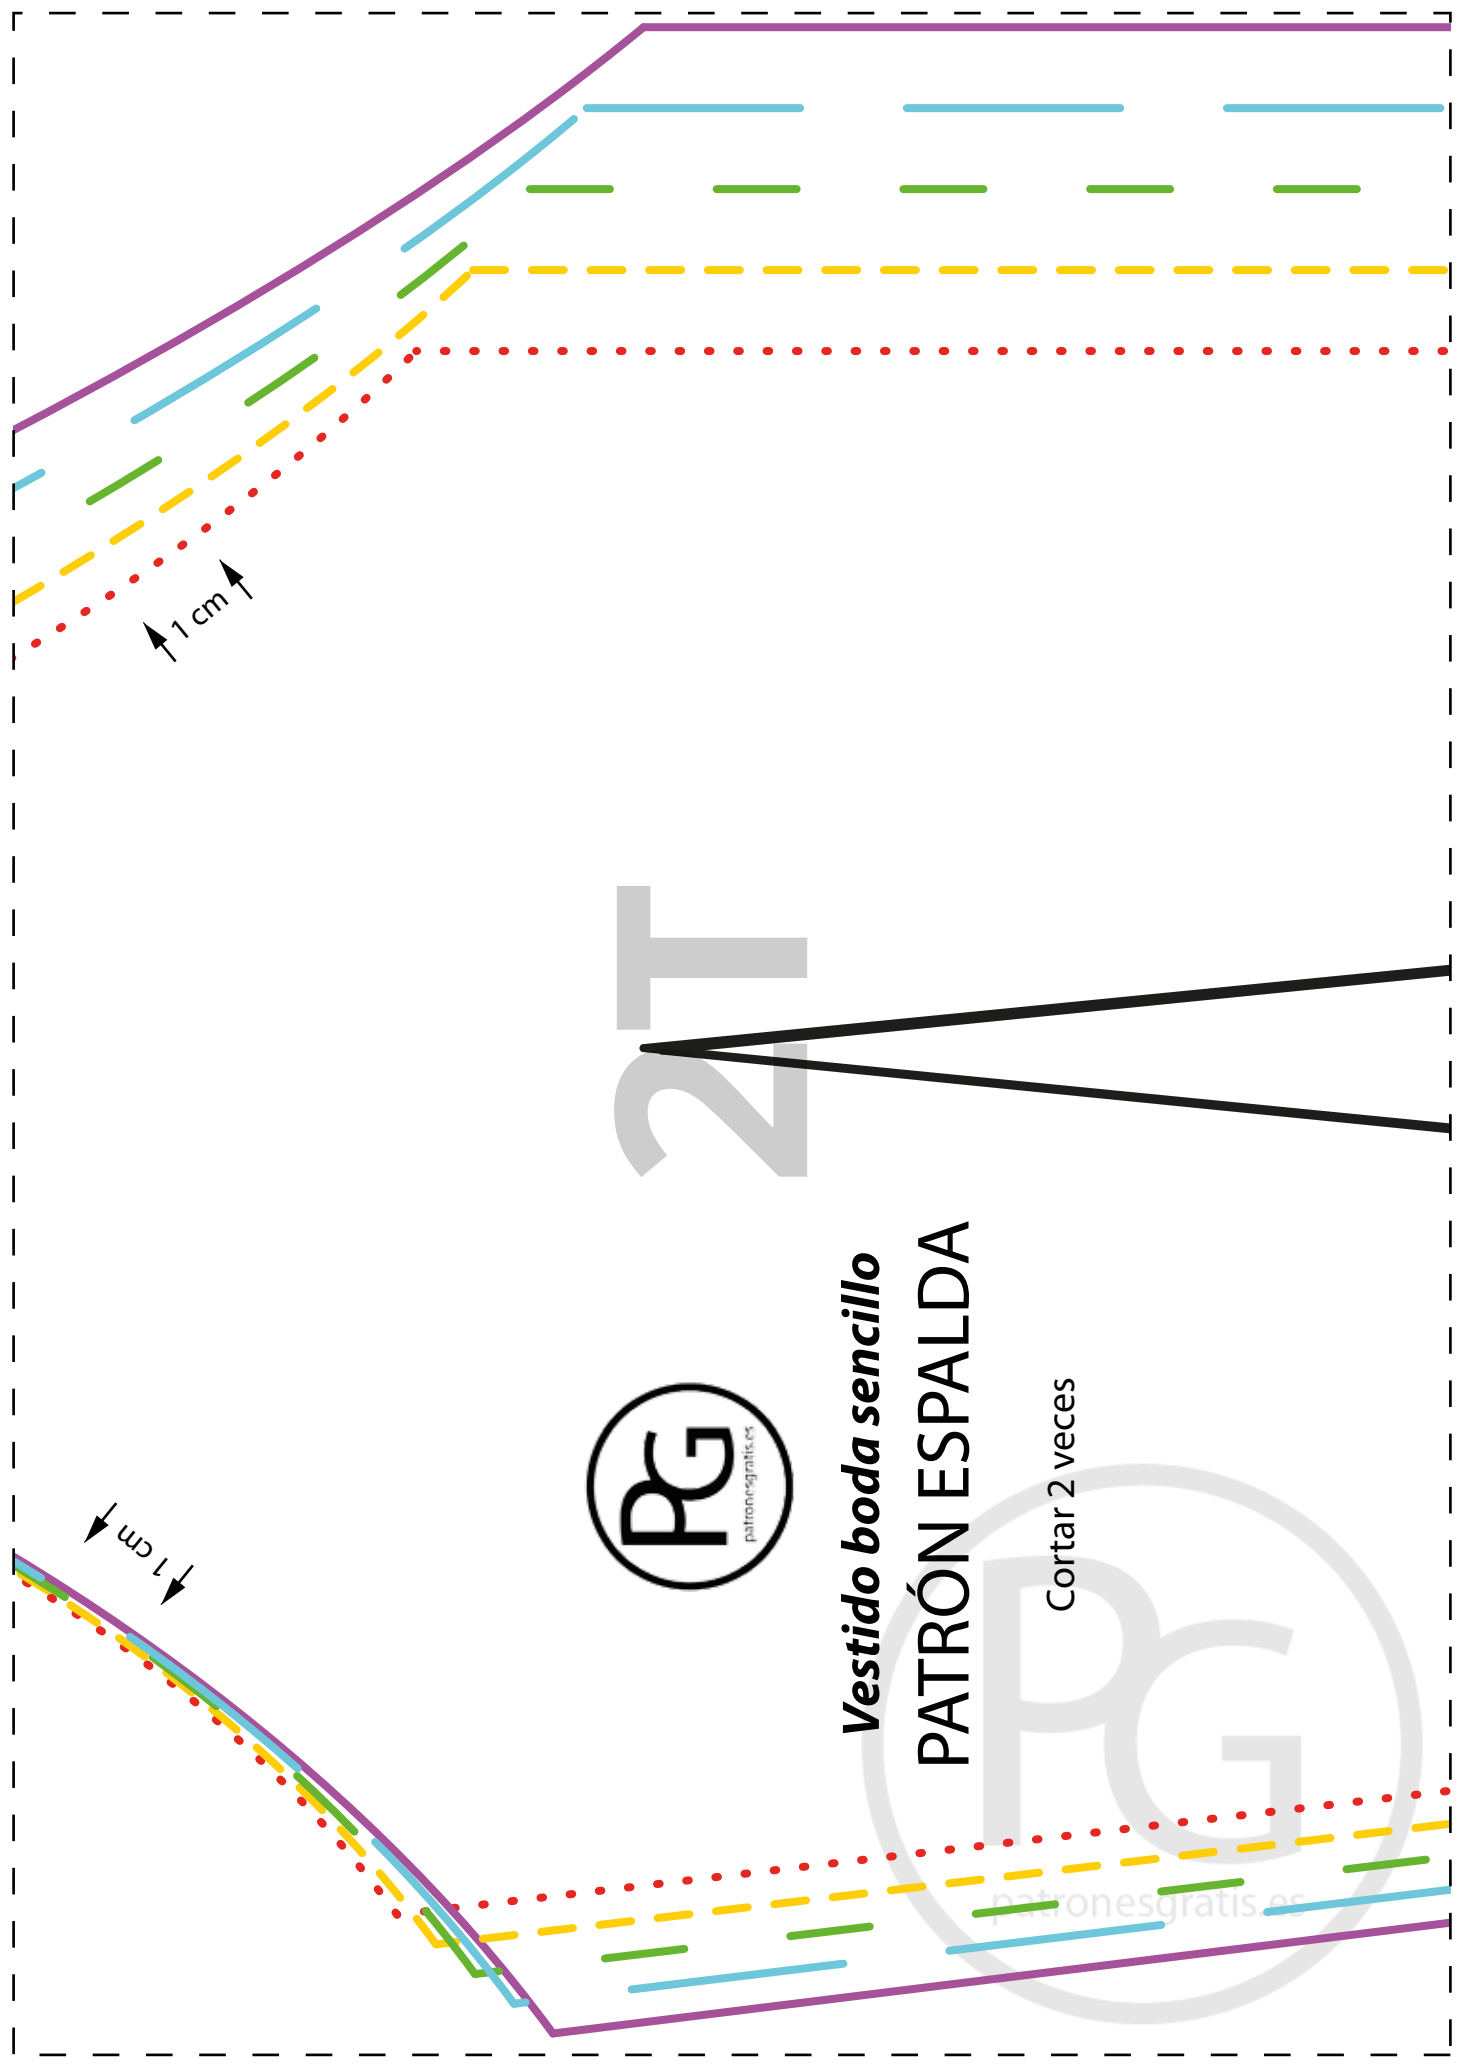

- Talla XS: Pecho 84 cm | Cintura 62 cm | Cadera 90.
- Talla S: Pecho 90 cm | Cintura 69 cm | Cadera 97.
